ABOUT ME

Junior Front-End Developer with a strong academic background in Mathematics and Computer Science and hands-on experience in HTML, CSS, PHP, JavaScript, and responsive web design. Skilled in building structured, user-friendly interfaces with attention to detail and clean code practices. Awarded for the development of a 3D game project, demonstrating strong problem-solving skills and UI/UX awareness.

EDUCATION

2022 - 2023 **MASTER OF SCIENCE COMPUTER SCIENCE UNIVERSITY OF PELOPONNESE**

- Relevant Coursework: Mobile Application Development, Data Visualization, Game Design and Development, Cryptography and Information Security, Information Systems, Web Information Management, Internet of Things
- Thesis: Design and Implementation of a 3D first person, adventure horror video game using Unreal Engine 5
- Thesis Link: <https://cs-msc.uop.gr/node/240>
- Awards: Best Thesis Award of Excellence, Class of 2023

2013 - 2019 **BACHELOR OF SCIENCE MATHEMATICS UNIVERSITY OF PATRAS**

- Specialization: Informatics and Computational Mathematics
- Relevant Coursework: Programming: Python, C++, Fortran, Databases and Operating Systems, Data Structures and Algorithm Design, Computational Mathematics and Mathematical Modeling

WORK EXPERIENCE

09/2018 - Present **MATHEMATICS & COMPUTER SCIENCE TEACHER | "METHODIKO" TUTORING CENTER**

- Taught Mathematics and Computer Science with focus on analytical thinking and structured problem solving
- Prepared students for national exams using logical and methodology-based approaches
- Designed structured educational material and personalized learning plans
- Taught programming fundamentals, algorithms, and computational thinking concepts

09/2017 - Present **MATHEMATICS & COMPUTER SCIENCE TUTOR | SELF-EMPLOYED / PRIVATE PRACTICE**

- Delivered one-to-one tutoring in Mathematics and Computer Science
- Created personalized study plans tailored to different learning styles and academic goals
- Managed lesson scheduling, organization, and student progress independently
- Strengthened adaptability, communication, and mentoring skills through individualized instruction

OTHER EXPERIENCE

09/2016 - 06/2020 **BARISTA / MANAGER | COHIBA THE BAR**

- Managed daily operations and coordinated a small team to ensure efficient workflow
- Optimized processes related to inventory, suppliers, and task organization
- Strengthened teamwork, leadership, and time management skills in high-pressure environments

- Supported daily bar operations in a fast-paced, high-volume environment during peak summer months
- Supervised staff shifts, coordinated workflow, and maintained service quality under pressure
- Managed stock levels, supplier logistics, and day-to-day organization to ensure operational efficiency

PERSONAL PROJECTS

2022 THE JOURNALIST" 3D ADVENTURE-HORROR GAME DEMO IMPLEMENTED WITH UNREAL ENGINE 5 | C++, GAME DESIGN, UNREAL ENGINE 5, AI TOOLS

Developed a 3D adventure-horror game demo using Unreal Engine 5. Implemented gameplay logic and mechanics in C++, focusing on AI behavior, debugging, and performance optimization. Designed and refined level design, lighting, acoustics, particle effects, and UI/UX for a realistic, immersive experience.

SKILLS

Technical Skills: Python, C++, JavaScript, HTML5, CSS3, PHP, SQL, React , Bootstrap, RESTful APIs, MySQL, Git, GitHub, Pandas, NumPy, Tableau, Matplotlib, VS Code, Jupyter Notebook

Core Skills: Software Development, Responsive designing, Debugging, Object-Oriented Programming (OOP), Algorithmic Thinking, Problem Solving, Database Management, API Integration, Agile Collaboration, Automation

Soft Skills: Analytical Thinking, Attention to Detail, Code Quality, Time Management, Team Collaboration, Communication, Adaptability, Continuous Learning

CERTIFICATIONS

Passed FEAST I & FEAST II Assessments for Air Traffic Controller (ATCO) Selection – EUROCONTROL	May 2025
AI in Export Supply Chains (Leveraging AI & Deep Learning) – DYPA Voucher Program	Dec. 2025
Full Stack Web Development Bootcamp – Udemy	Present
Python Web Development Bootcamp – Workearly	Present
Certificate of Proficiency in English (C2) – The University of Michigan	2011
EDI English Certificate Level 3 (C2) – Pearson EDI	2011

HOBBIES

Sports Enthusiast – Volleyball player with competitive experience, including participation in the Greek B National League. Amateur track and field athlete with involvement in local running events and short-distance marathons.

Reading & Traveling – Passionate reader and curious traveler, exploring new ideas, cultures, and perspectives through literature and global experiences.
